Obituary

MRS. M. FLEWELLING

An old and highly respected resident of Irma, Mrs. M. Flewelling, passed away at the residence of her daughter, Mrs. Tate, on Tuesday, October 22. Mrs. Flewelling, who had been in failing health for some time, was in her 92nd year. The sympathy of the entire district goes out to her family at this time, most especially to her daughters, Miss Alice Flewelling and Mrs. Dora Tate, who have so lovingly cared for her during her long illness. Funeral services for Mrs. Flewelling were held at the Irma United Church on Thursday, October 24. A full account of this obituary will be published in next week's issue of the Times.

Easterly Echoes

Mrs. W. Milton is spending a two-weeks vacation at the home of Mr. and Mrs. W. Stewart in Edmonton.

Mr. Walter Adams had to return to the Wainwright hospital for a short time.

The Armstrong Aces ladies' football team entertained at a shower for four of their members, Miss Aletha Knudson, Miss Dora Hissett, Miss Rosie Drewski and Mrs. Reg. Worthing.

Mrs. S. Smith entertained at a shower at her home in honor of Miss Dora Hissett, a bride-elect of the near future. A large number of friends gathered for the occasion. A mirth-provoking contest was won by Mrs. J. Crawford. Sweet little Miss Ann Smith drew in a beautifully decorated wagon-load of gifts, the driver being a large kewpie doll, and presented them, along with many more, to the guest of honor. After they were duly inspected and the oh's and ah's subsided, Miss Hissett feelingly thanked the gathering. A delicious lunch brought a grand afternoon to a close. Assisting the hostess were Mrs. Fyfe, Mrs. Fraser and Miss Lillian Roth.

Mr. Ivan Fitzpatrick, of Holyoke, is visiting his sisters, Mrs. E. Sanders, Mrs. Barton and Mrs. G. Fenton.

Mrs. A. Taylor was a visitor in Edmonton last week. Mrs. B. Enger accompanied her, staying with her son, Mr. E. Enger.

The winners at the card party held by the Sew and So Club at Paschenedale were: ladies' first, Mrs. Leacock; ladies' second, Mrs. Tindall; gents' first, Mr. Robert Dalton; gents' second, Mr. Gordon Fitzpatrick.

A card party and dance will be held at Paschenedale on November 1. The proceeds will go for treats for the children at Christmas. A turkey is having its fate settled at this dance, too.

Mr. Kenneth Steele has gone north of Edmonton for employment in a sawmill.

Mr. Thomas Holt of Prince Rupert, recently spent a week here with his parents, Mr. and Mrs. Joshua Holt.

BACKACHE

The Plague of Outdoor Men

The outdoor man, whether he be farmer, truck driver, or railway operator, is often subject to backache. This may be the result of exposure to cold and dampness or the result of strain from the jolting and bumping of the vehicle he rides.

To many people, women as well as men, it would be great to be free of backache—one of the most common, and annoying of ailments. And here is how you may be relieved of backache and other symptoms of poison in the blood.

The treatment suggested in Dr. Chase's Kidney Liver Pills. By reason of their stimulating action on both the liver and kidneys, you have two chances to one of getting relief from your backache by using Dr. Chase's Pills. The torpid liver is aroused to action, the kidneys are stimulated and consequently these organs help to purify the blood of the poisonous impurities which bring pains and aches and tired feelings.

Keep regular and keep well by using Dr. Chase's Kidney Liver Pills. 35c a box.

Canada's Forest Wealth

CANADA WAS ONE of the few fortunate countries which emerged from the war with material resources undamaged by bombs or other weapons of devastation. Consequently, in company with the United States and the South American countries, we have endeavored to contribute as much material as possible to those nations whose fields and factories were damaged or destroyed during the war. Food has been probably our most important export and much emphasis has been placed on the need for Canadian wheat and other food products abroad. Food is undoubtedly of the greatest importance there at the present time, but we are sometimes reminded that they have also a housing problem, much more grave than that which we face here, because of the fact that many thousands of their pre-war homes were partially or totally destroyed.

World Shortage Is Predicted

The task of reconstruction is an enormous one not only from the point of view of housing, but in the rebuilding of railways and other essential facilities. Much of this reconstruction will depend on an adequate supply of lumber, as do the building programmes now being commenced on this continent. However, a study of the world lumber supply, made during the past year by the United Nations' Food and Agriculture Organization, has shown that there is a serious shortage which will be felt soon. It has been found that Europe, the Middle East and the Far East have emerged from the war with greatly depleted lumber supplies, while in the United States lumber stocks have reached an all-time low. Britain's situation in this respect is described as even more serious. Canada on the other hand was found to be one of the few countries whose forestry is "in fair condition".

Production To Be Increased

Reasons for the shortage were given by Sir John Boyd Orr, F.A.O. director-general, as "deforestation, inadequate forest management, failure to develop mature forests, incomplete utilization and insufficient technical personnel." It must also be recognized that during the war the need for wood increased greatly and many more trees were cut than would be the case in normal times. Attention is now being directed to increasing the production of Canadian forests. In this connection the F.A.O. report says: "Large programs of work on Canadian forest improvement and rehabilitation projects are now being started. These are expected to lay the ground work for more orderly management and better projection of the forests in future; at the same time they should provide useful employment for large numbers of people during the period of transition from a wartime to a peacetime economy." From this report, it appears that the lumbering industry may become increasingly important both to Canada and to those countries who will look to her for supplies of this essential product.

Price Control And Rationing Information

Q—I am holding some temporary ration coupons with a "Beaver" stamped on them. Are these "Beaver" coupons still valid for the purchase of rationed commodities?

A.—Consumers holding unused "Beaver" coupons may, on application to a Local Ration Board, have them exchanged for the newly-issued "Buffalo" coupons. The "Beaver" coupons, unnumbered and bearing a beaver design, which are used for the purchase of meat, sugar, preserves and butter, expire on October 31. "Beaver" coupons for evaporated milk, only, will continue to be valid.

Q—I believe that some meat and butter coupons are being declared invalid the end of October. Will you list for me the coupons which will no longer be used after October 31.

A.—Meat coupons Q-1 to Q-4 in the No. 5 ration book and M-61 to M-55 in the new book, and butter coupons B-15 to B-21 in the old book and B-26 to B-28 in the new, will become invalid for the purchase of these commodities after October 31.

Q—Have hairnets been removed from the price ceiling regulations? The other day I was able to purchase a hairnet and noticed that the price had gone up several cents.

A.—Hairnets are still under the ceiling, but the subsidy on imported hairnets has been removed and the price has therefore increased.

Q—Has the price of turkeys grade "A" been increased?

A.—The Prices Board has announced that effective September 3 maximum wholesale prices for Grade "A" turkeys in all parts of Canada will be 2½ cents a pound higher than those in effect during the 1945 packing period—November and December. These prices will apply throughout the year.

SMILE AWHILE

One of the guests at a wedding approached a man who was very well dressed and who appeared somewhat depressed. "Pardon me," asked the guest, "but is you the groom?" "No, no, I ain't," replied the man with a sorrowful look, "I was eliminated in the semi-finals."

I wish that I could make a rule That every month must go to school, And learn from some experienced To make a less conspicuous hole.

Two Irishmen were trying to remove a piece of rock lying in the roadway when an old lady passing stopped and watched them. Then she said: "Men, why not try blasting it?"

One of the men looked up and said: "Lady, we have tried every swear word we know, and yet we cannot move it."

"Don't you think a man has more sense after he's married?" "Yes, but it doesn't do him any good then."

The visitor watched a very little girl pull a very big weed from her garden. "You must be pretty strong to pull out such a big weed," he remarked. "Yes," agreed the youngster, "and don't forget the whole world was pulling on the other side."

Wife (inspecting new home): "How many closets are there, dear?"

Husband: "I've counted five." "That isn't enough. You'll want one for your things, won't you?"

The beautiful young widow simply wouldn't be comforted after two days' mourning although scores offered sympathy plus advice.

Finally the beautiful young widow found voice: "I'm not givin' 'bout myself," she said. "It's these seven children I feel sorry for—havin' to be reared by a step-daddy."

"What is a debtor?" "A man who owes money." "And what is a creditor?" "A man who thinks he's going to get it back."

Nongeneanians Says Water And Eggs Are The Secret For Long Life

OTTAWA. — Every nongeneanian has his own secret of long life, and with Sgt. Daniel Byrd Hoskins Power, 93-year-old veteran of the Ancient and Honorable Artillery Company of Boston, it's water.

The Company — oldest military organization on the continent—celebrated its annual convention in Ottawa recently.

The erect, sprightly, oldest member of this oldest Company, who makes a point of doing everything his fellow-members do, says water—and eggs—are the secret of long life.

"It's easy," he told newspapermen. "I just drink lots of water. I have hot water in the morning, cold water at noon, and hot water before I go to bed at night. Water is nature's own medicine. It beats anything the doctors have and works wonders."

GEMS OF THOUGHT

PROSPERITY

Prosperity is the touchstone of virtue; for it is less difficult to bear misfortunes, than to remain uncorrupted by pleasure.—Tacitus.

The virtue of prosperity is temperance, but the virtue of adversity is fortitude; and the last is the more sublime attainment.—Bacon.

Charge them that are rich in this world, that they be not highminded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy.—1 Timothy 6:17.

One is never more on trial than in the moment of excessive good fortune.—Lew Wallace.

Trials teach mortals not to lean on a material staff, a broken reed, which pierces the heart. We do not half remember this in the sunshine of joy and prosperity.—Mary Baker Eddy.

TEACHERS' CONVENTION
HELD IN WAINWRIGHT

October 15 and 16 saw the teachers and classroom supervisors of the Wainwright school division congregate in Wainwright for their annual teachers' convention. The keen attendance was encouraging to those who went to some work preparing papers.

The picture show shown by Mr. Gaeke served as an inspiration to experienced and inexperienced alike.

Mr. H. C. Gourlay of the Edmonton public library gave an enlightening talk, "Crossroads of the World," explaining the Edmonton library scheme and outlining a plan of future libraries at points out of Edmonton.

Mr. Oviatt, of the department of Education, in "Ten Years of Hard Labor," gave the group brief glimpses of the aims and objectives of the revised course of studies. Mr. Oviatt has done extensive work and study in this field.

The local A.T.A. executive elected for this term: president, Mr. D. Gunn; vice-president, Mr. D. Smith; secretary-treasurer, Miss G. F. Zajic; councillors, Mr. G. C. Welsh, Mr. I. S. Reeds.

The teachers were flattered by the attendance of members from the school division board and Wainwright public school board. The future of education brightens by such co-operation.

The delicious luncheon served by the West End Club was heartily enjoyed.

T.B. QUESTIONS and ANSWERS

Q. Can one rest too much in taking the cure and would exercise be beneficial?

A. There comes a time in the treatment of tuberculosis when it is very desirable to have the patient exercise. However, this must be decided only by the physician who has the patient in charge and it is dangerous for the patient to take it upon himself to exercise without the advice or guidance of his physician. As a rule, however, more harm is done by too much exercise than by too much rest.

Q. Do you think exercise ever helps to heal tuberculosis of the lungs?

A. In certain phases of the disease this is just as essential as rest.

RADIOGRAMS
"TWO-TON BAKER"

Big man of the United States' early morning airwaves, Dick "Two-Ton" Baker, went international October 7 when Quaker Oats Company's Breakfast Parade made its debut in Canada, to run for 26 weeks. Two-Ton has over 300 pounds of Baker to give solid backing to any show he leads, plus a certain nimble touch on the piano forte.

Dick Baker has been putting himself to music since he was three years old—at which time he astonished his parents by climbing on the piano stool and giving a lively rendition of "Yankee Doodle," with no previous training except a brief session with a phonograph record of the song. At the age of four he began acting as accompanist to his mother, a semi-professional singer, in performances at lodges and community affairs.

Since 1932, when he made his first radio appearance in Cedar Rapids, Iowa, while playing with a band, Two-Ton has had a continuous career in radio circles. For the past year and a half, in fact, he has participated in early morning piano and song programs for WGN, Chicago.

On the side he has strong support for war bond drives in the Midwest. Baker thought that as the biggest man in radio he might be a little underappreciated. But on the bond tours he found he was all wrong. Everywhere he went he met people who had heard his program.

Baker's seven-year-old son has given him extended training in entertaining the younger generation, and the Quaker Breakfast Parade—aimed toward youngsters—fits right in there.

Two-Ton Baker may be heard Monday, Wednesday and Friday at 7:45 a.m. over station CJCA.

In loving memory of our husband and father, Leonard Owen who passed away October 25, 1946.

Lovingly remembered by his wife and family.

We cannot say, we must not say, that he is dead,

He is just away,

With a cheery smile

And a wave of his hand

He has wandered into an unknown land,

Unknown to us, that is to say,

And so we hope, we know, we pray

That we will meet again some day.

So we think of him still

As the same, and say

He is not dead,

He is just away.

EGG EXPERTS TO ADDRESS
POULTRY PRODUCERS IN
EDMONTON OCTOBER 30

During the month of October Mr. J. A. Peacock, director of egg supplies, British Ministry of Food, is visiting the main producing centres in Canada. Accompanying Mr. Peacock is Mr. W. A. Brown, chief of poultry production and marketing services, department of agriculture, Ottawa. Both these gentlemen will address a special meeting at the Canadian Legion Memorial hall in Edmonton at 2:00 p.m., October 30, 1946. The meeting is being held for poultry producers, and all interested in the poultry industry in Alberta.

During a normal year of our present production about 6,000,000 cases of eggs are marketed through registered stations throughout Canada and about 3,000,000 of these cases go into the British market. Therefore, it is easy to realize how closely we are tied to the British Market for export of poultry products. At the meeting we have referred to above Mr. Peacock will discuss present and future needs of the British market.

In the light of the new contract recently concluded we know we are covered in our export market through 1947 and 1948. Discussions will probably start shortly about at least minimum quantities and prices for 1949.

With the above in view we are anxious that producers and all others interested in the poultry industry attend this meeting at the Canadian Legion Memorial hall in Edmonton on October 30, at 2:00 p.m.

"The cash outlay to veterans in Canada is greater than that in the United Kingdom, but medical treatment and re-establishment schemes are similar." Rt. Hon. Wilfred Paling, M.P.

"The sight of the world as it is today would strip us of all complacency and give us a tremendous sense of urgency."—Rev. A. J. M. Gray.

"Canada owes to her men who gave their lives and to those who were wounded a debt that cannot begin to be acknowledged."—Prime Minister Mackenzie King.

Viking Items

Members and visitors at the meeting of the Viking Fish and Game Protective Association held last Friday evening were delighted with the sound films of deep sea fishing and the salmon run in B.C. The new projector recently acquired by the school was operated by Mr. Elliott and proved to be a most efficient machine.

With G.T. Loney as chairman and E.M. Fitzmaurice as secretary the business of the meeting got away to a good start. The idea of a local game warden was discussed at length as an application had been made to the provincial government to have a local game guardian appointed. In reply the government stated that ten new game wardens had been appointed this year and no more funds were available for the purpose. The local association will press the matter further next year. In the meantime it was stressed that each and every member of the Association was pledged to assist in seeing that the game laws of the province were enforced, otherwise game birds and animals would disappear.

Messrs. Ridge Gilpin, Ernie Wade and "Stub" Trueman were appointed to arrange for the annual turkey and chicken shoot. It was decided to have more films shown at the next meeting in November.

And speaking of curling, have you noticed the imposing structure that is rising on the location of the old rink right in our own town? For 3 time it was feared that the building would not materialize this year but prospects are rosy right now that the sound of rocks hitting the back boards in the new rink are all to the merry. With a four-sheet rink and a commodious waiting room, local curlers can look forward to one of the best curling rinks in any small town in Alberta. It will be a monument to the co-operation of the local Elks lodge, curling club, and citizens generally. Monday after school twenty high school boys assisted in nailing some of the outer sheeting and made good progress. The carpenters, too, are working hard to get the new building finished before snow flies in earnest. Nice going.

The Curling Club needs funds to finish that new building, and are sponsoring a dance in the Community Hall on Thursday, October 31st, commonly known as Halloween. The Viking orchestra will furnish the necessary incentive for those who attend these social affairs.

Art Clendfield who was accountant at the local bank here and has been assistant manager in the Leithbridge Bank of Montreal for the past three years, has been appointed manager of the Coalvale branch. Friends here will be pleased to hear of his appointment.

Miss Ardis Horton, of Victoria, B.C., who has spent the past three weeks with relatives and friends in this community left on Monday for Edmonton.
